How to Be Cool

There are many different types of cool, such as:

- Weird/quirky cool.
- Grunge/emo cool.
- Refined/smart cool.
- Klutz/nerd cool.
- Ghetto/borzo cool.
- Sexy cool.
- Deep/philosophical cool.
- Rebellious cool.
- Crazy cool.

The best way to get cool is not to try too hard to get cool. Cool people do not try to get cool. They just are. You cannot force yourself to become cool, and if you do, you lose cool. You just have to be yourself (as much as you can), and let people see the cool that's in you.

Don't lose sight of yourself or your morals. Being cool isn't about changing who you are, its about finding your path in life, and being the best person you can be. It is about finding your own thing, and doing it well. It is about being yourself and being proud of it.

Be cool, but be yourself. The world isn't about fitting in, its about standing out. Don't be afraid to be different, whether that means standing up for yourself, defending your friends, or just being true to yourself.
